ABOUT ME

Results-driven Senior Software Developer with a Master's in Data Engineering and 10+ years of experience in Software development. Skilled in (Java/Kotlin), Node.js, and AI chatbots ETL pipelines, Apache Airflow, Power BI, and Cloud computing, with a proven track record of delivering high-quality software solutions. Seeking to leverage my expertise in Android, data engineering, and full-stack development in a challenging role.

WORK EXPERIENCE

Senior Software Developer

Genetech Solutions, Inc [1 Nov 2018 – Current]

City: Karachi | **Country:** Pakistan

- Provided subject matter expertise in Android and NodeJS development, mentoring junior developers.
- Contributed to the architectural design and development of scalable mobile applications.
- Designed, developed, and maintained complex Android and Node.js applications, integrating AI-based chatbots with DialogFlow and OpenAI and Google's Gemini APIs
- Collaborating closely with clients to exceed project expectations.

Senior Android Application Developer

Genetech Solutions Inc [1 Nov 2014 – 30 Oct 2018]

City: Karachi | **Country:** Pakistan

- Designed, developed, and maintained complex Android applications.
- Published 4 Android apps on the Google Play Store.
- Implemented offline storage solutions and optimised performance for multi-threaded applications.

Android Application Developer

Genetech Solutions [1 Oct 2012 – 30 Oct 2014]

City: Karachi | **Country:** Pakistan

Began my career as a junior developer, actively contributing to Android application development and building expertise in Java, the Android SDK, and integrating third-party libraries and APIs.

EDUCATION AND TRAINING

Master's of Science (M.sc.) in Data Engineering and Information Management

NED University of Engineering and Technology [1 Apr 2022 – 30 Jun 2024]

Mr. Q (ChatBot)

Mr. Q is a multilingual conversational Telegram chatbot developed using Node.js and integrated with DialogFlow NLP for intent detection. It offers a wide range of robust features, including:

- **Task Management:** Sending reports, setting reminders, and creating tasks via Todoist integration.
- **Apartment Assistance:** Handling queries about apartment details, sauna usage, addresses, WiFi credentials, and more.
- **Cleaning Operations:** Commands for tracking cleaning, refreshing, and quality assurance processes.
- **Small Talk:** Engages in casual conversations, shares jokes, and responds to user inquiries.

Mr. Q streamlines tasks, enhances apartment management, and provides user-friendly interaction for various needs.

[6 Dec 2018 – 6 Dec 2019]

Houston Livin

An Android app The Houston Living puts everything about Houston in the palm of your hand.
